

JAVA PROJECT

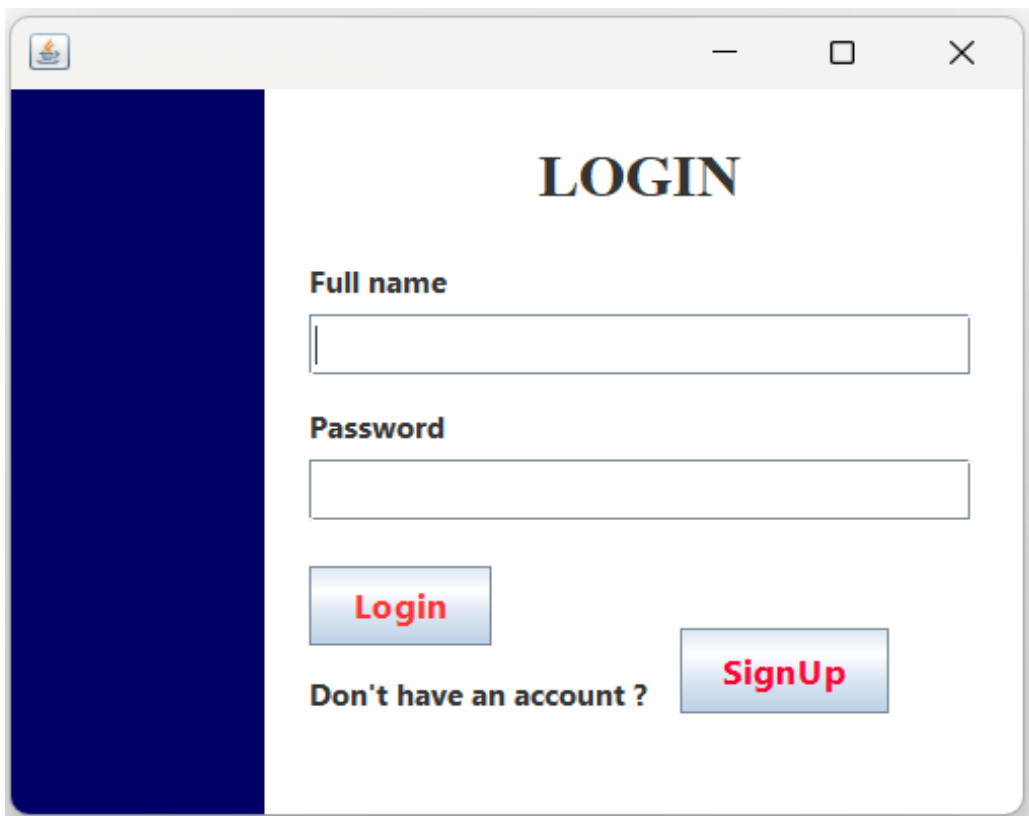

NAME : ASWINI G

REG NO : 231501028

DEPARTMENT : AIML 'A'

Step 1:

It is Login page. If suppose we don't have an account means Click Signup button then it goes to signup page.

LOGIN

Full name

Password

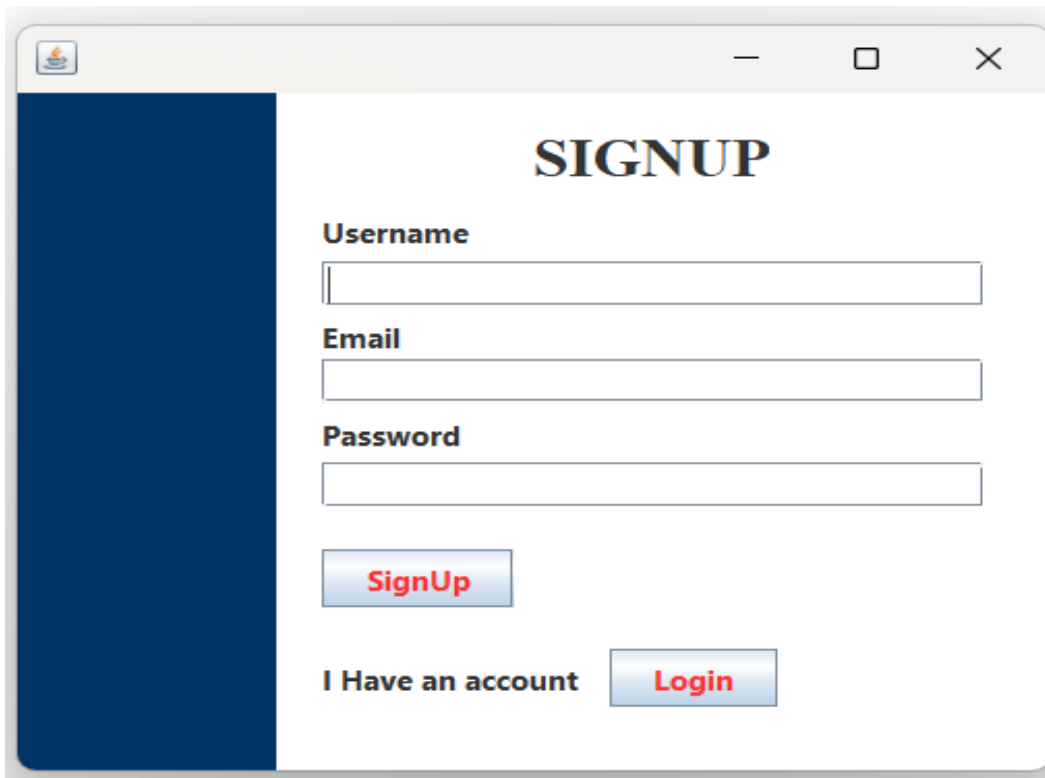

Login

Don't have an account ?

SignUp

Step 2:

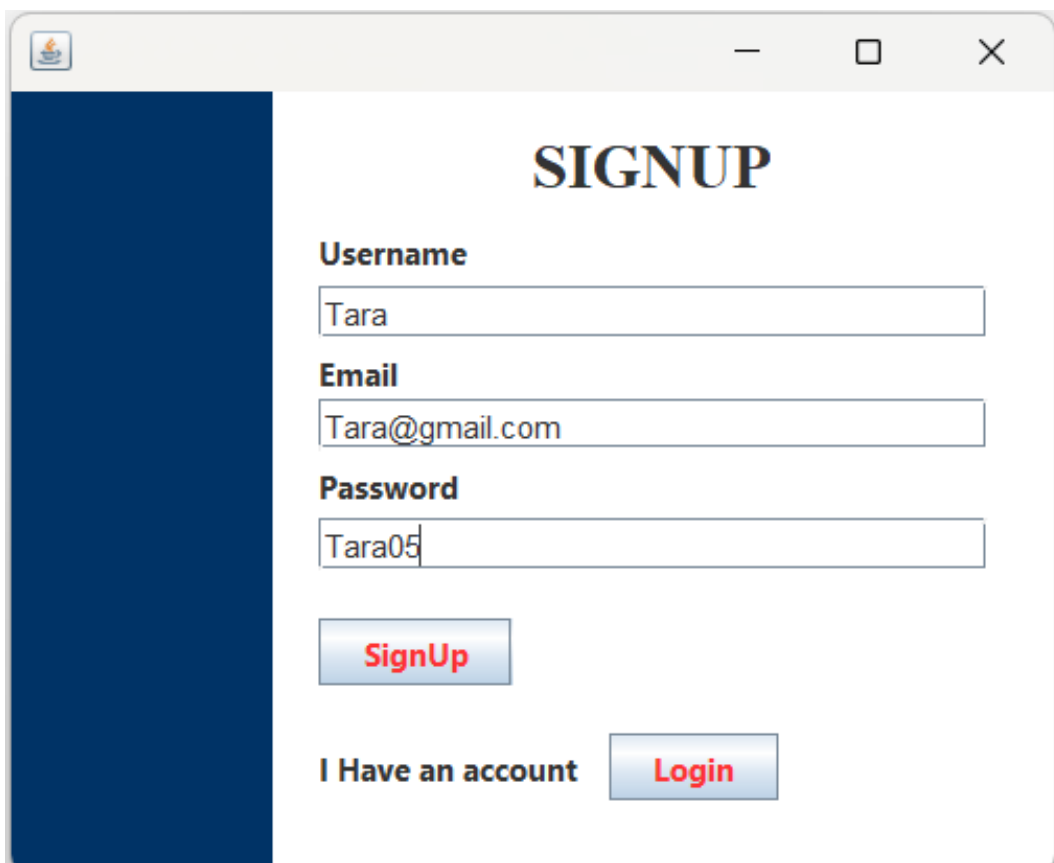

SignUp Page. Here we have to signup by entering username , email , password.

A screenshot of a web browser window displaying a 'SIGNUP' page. The page has a dark blue vertical sidebar on the left. The main content area is white and contains the title 'SIGNUP' in a large, bold, serif font. Below the title are three input fields labeled 'Username', 'Email', and 'Password'. Each field is empty. Below the 'Password' field is a blue button with the text 'SignUp' in red. At the bottom, there is a link 'I Have an account' followed by a blue button with the text 'Login' in red. The browser window has a standard title bar with a small icon on the left and minimize, maximize, and close buttons on the right.

Step : 3

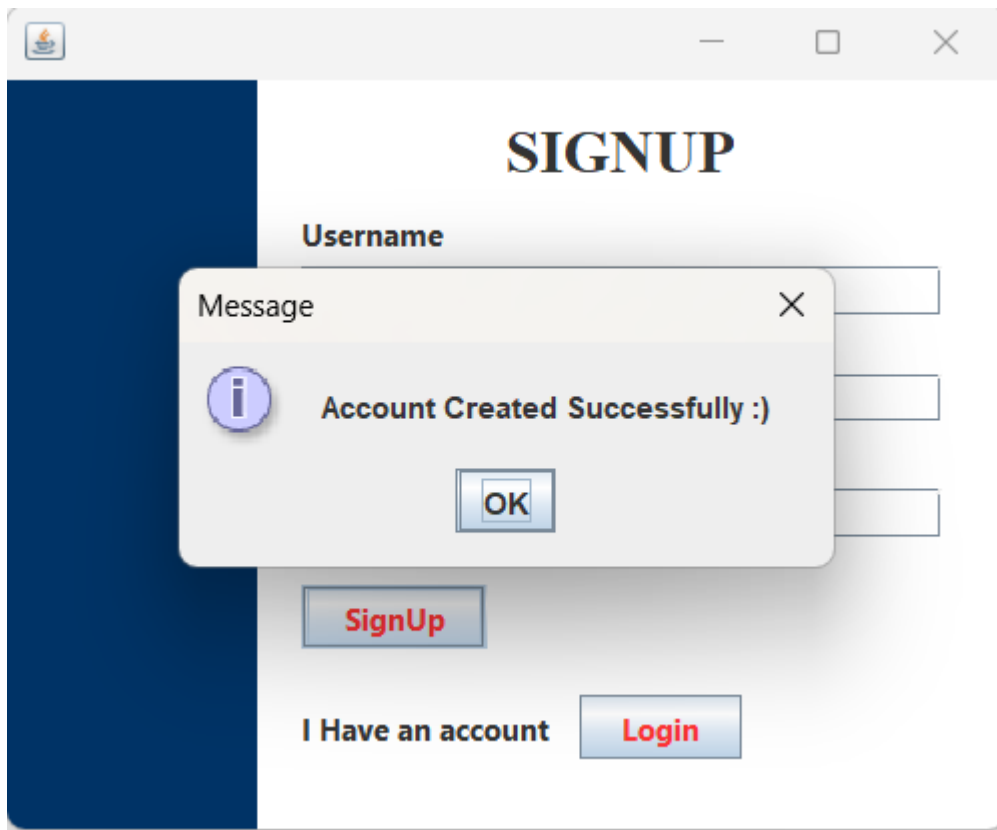

After entered all, Click signUp Button to Singing In.

A screenshot of the same 'SIGNUP' page, but now the input fields are filled with text. The 'Username' field contains 'Tara', the 'Email' field contains 'Tara@gmail.com', and the 'Password' field contains 'Tara05'. The 'SignUp' button and the 'Login' button remain visible at the bottom. The layout and styling are identical to the previous screenshot, including the dark blue sidebar and the serif font for the title.

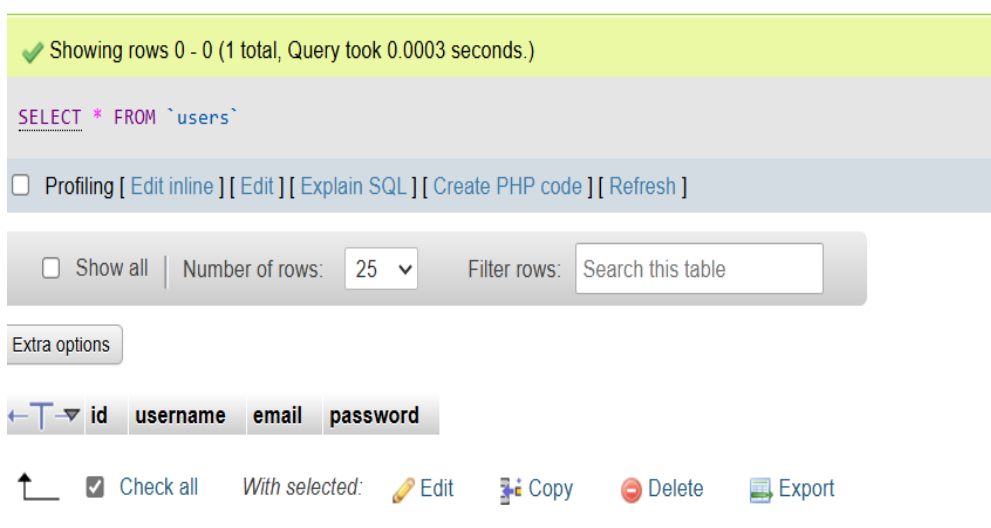

Step 4:

Displays the message “Account Created Successfully”

Step : 5

Database(MySQL) before adding new user.

Step 6:

Database (MySQL) After adding new user.

✓ Showing rows 0 - 0 (1 total, Query took 0.0003 seconds.)

```
SELECT * FROM `users`
```

☐ Profiling [[Edit inline](#)] [[Edit](#)] [[Explain SQL](#)] [[Create PHP code](#)] [[Refresh](#)]

☐ Show all | Number of rows: Filter rows:

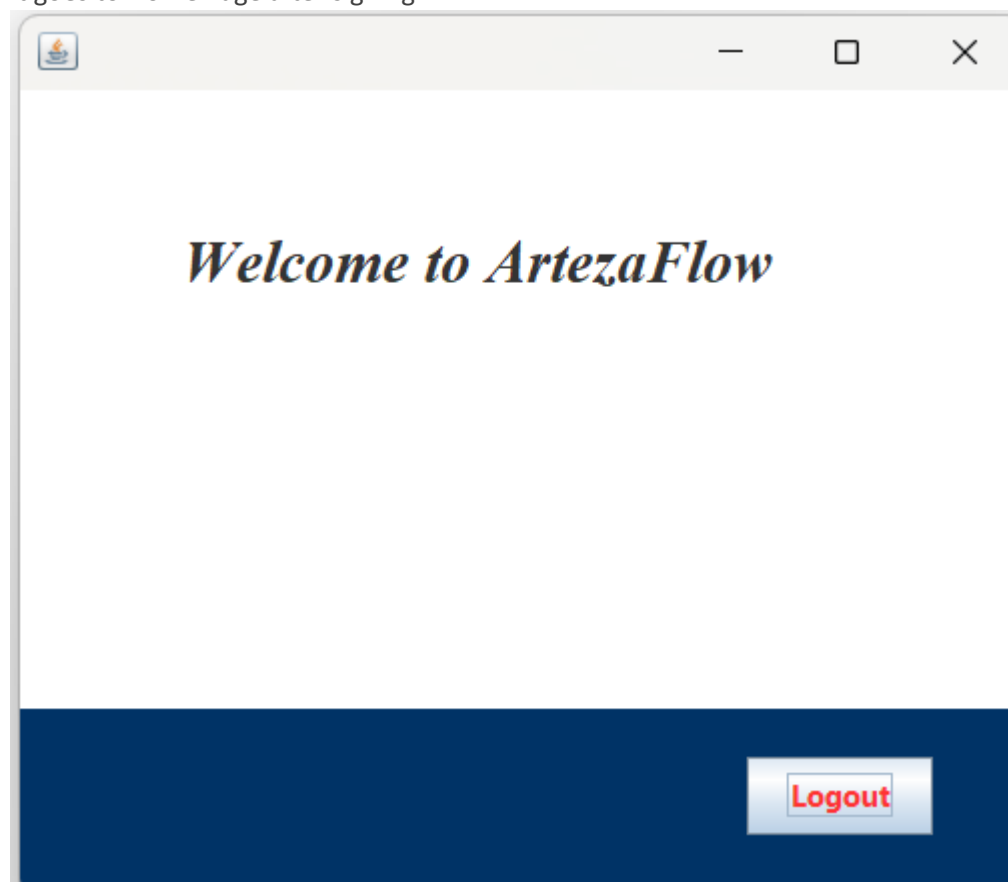

Extra options

	id	username	email	password
<input type="checkbox"/> Edit <input type="checkbox"/> Copy <input type="checkbox"/> Delete	1	Tara	Tara@gmail.com	Tara05

↑ ☐ Check all With selected: ☐ Edit ☐ Copy ☐ Delete ☐ Export

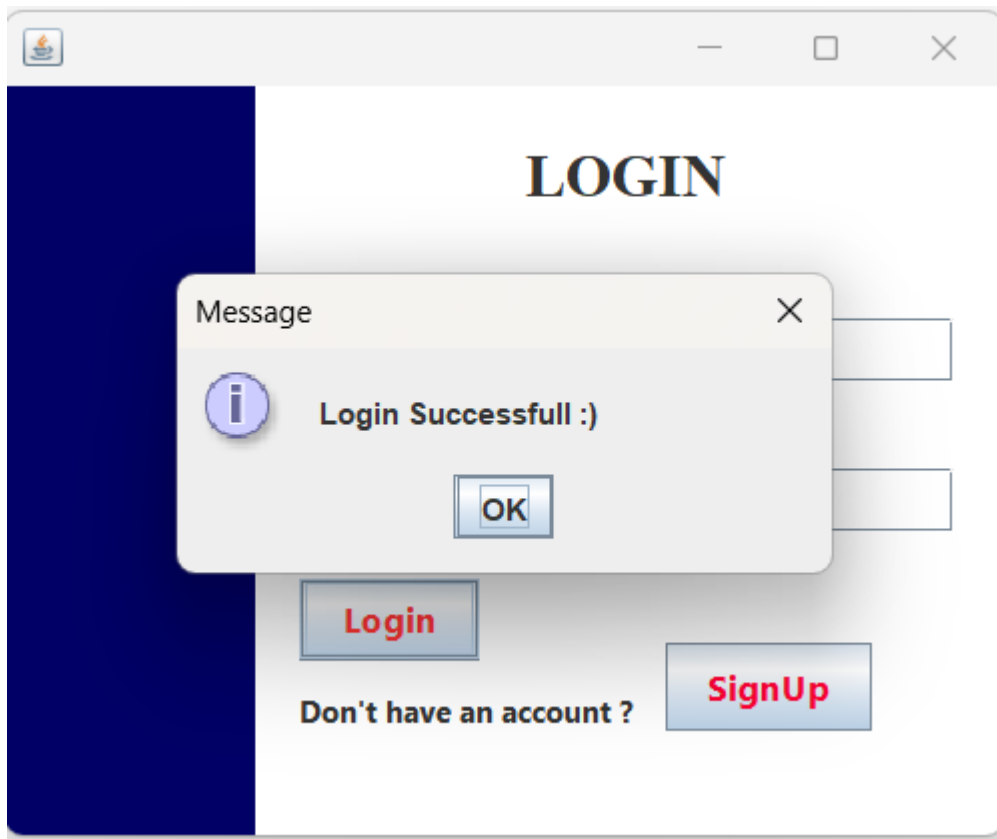

Step 7:

It goes to Home Page after signing in.

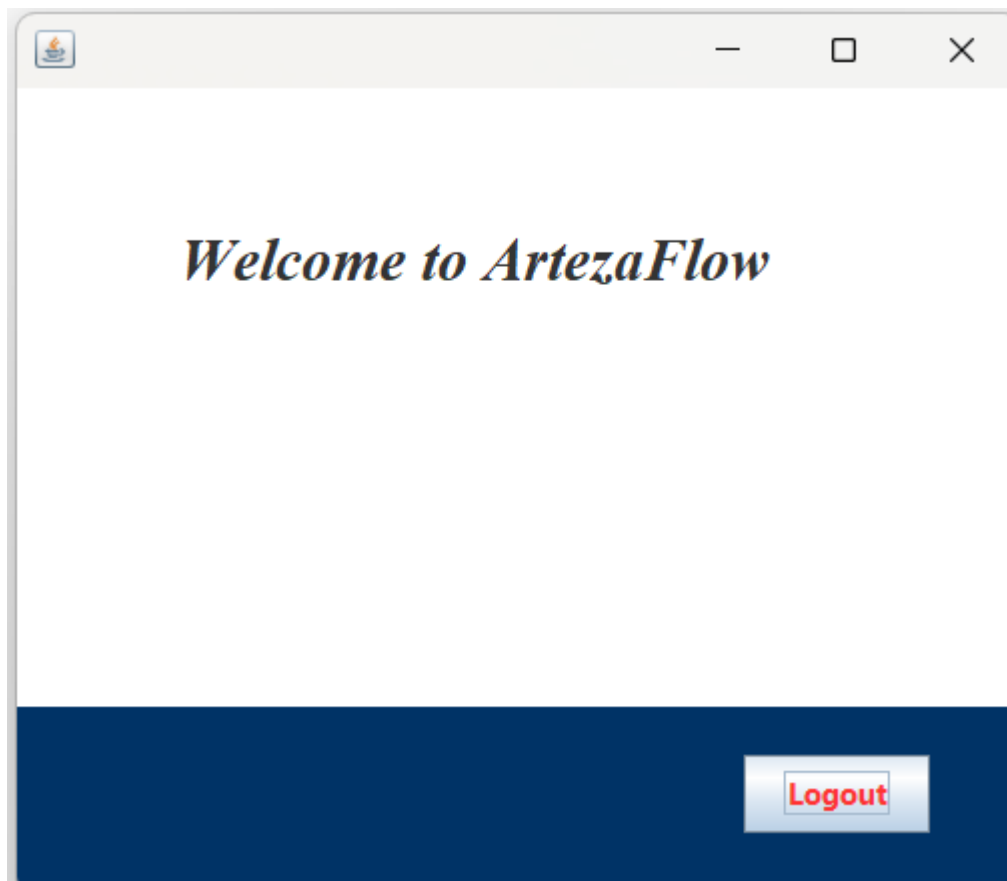

Step : 8

Again we use same username to check whether it is logged in . And Hence it displays the message login successfull.

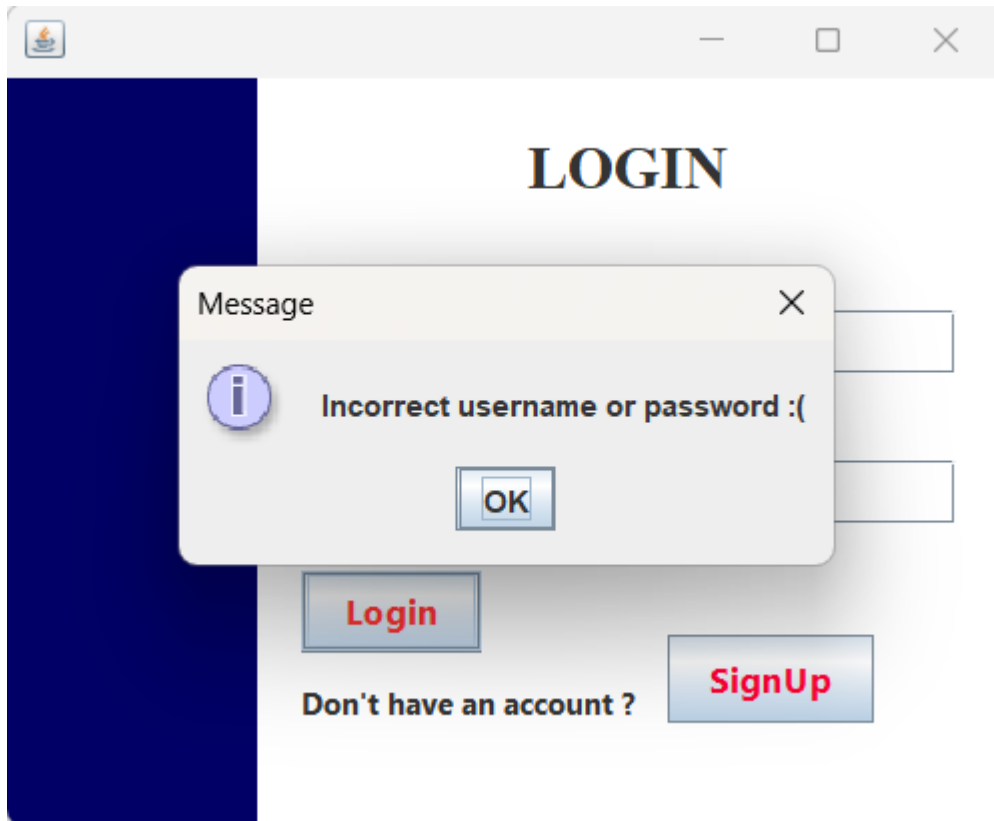

Step 9:

It goes to the Home Page. If we need to logout we can give the logout button.

Step 10:

If we enter any incorrect username or password , we get error message .

Step 11:

It Again goes to the login Page.
